### **Afternoon Tea gives an additional 'Touch of Class' to the President Hotel Prague**

Visitors to the President Hotel have been quick to applaud the hotel's latest incentive of offering 'afternoon tea' to guests staying on its Executive Floor from September 1st onwards. In a time-honoured tradition favoured by many of the five star deluxe hotels elsewhere in Europe, the President Hotel's 'Afternoon Tea' offers guests tea and savoury and sweet canapés as well as both soft and alcoholic drinks and other snacks, all in the relaxing environment of the Executive Lounge and, to guests of the Executive Floor, free of charge. Quoting one of the lounge's visitors, this 'adds just another touch of class' to the many amenities on offer at the President Hotel.

The special attention that the President Hotel pays to its executive clients is reflected in both the luxurious and specially designed guest rooms on its Executive Floor, most of which have stunning views overlooking the Prague Castle and Vltava River, as well as the extensive offer of both facilities and services in its Executive Lounge which serves as an ideal place for a quiet meeting as well as a more sociable breakfast or afternoon tea.

As is the case in all the President Hotel rooms, guests of the Executive Floor have access to free Wi-Fi both in their rooms and the Lounge itself, receive a choice of newspaper delivered to their room each morning, can take advantage of an early check-in and late check-out and enjoy a number of other benefits such as the fabulous L'Occitane cosmetics in all bathrooms and discounted massages in the TAWAN Thai Massage Centre, all of which are outside the norm for most hotels. With demand for rooms on the Executive Floor always high, it is no wonder, therefore, that the new 'Afternoon Tea' concept is proving so popular. What will be next?!

- The base stone of President Hotel was set in 1928 by decision of the Czech Association of Engineers and Architects (SIA) to build up a representative seat of their organisation. In 1978, the attractive place next to SIA building was chosen for the imposing project of a hotel. Immediately after it was finished, the hotel, in that time called Budovatel, was joined with the original SIA building. In 1984, the building was rebuilt in the so-called monolithic style. In 2002, during the destructive floods President Hotel was heavily affected and had to be closed. The refurbishment started on 1st of August, 2003 and was completed on 6th of August, 2004.
- Since 1992, President Hotel – Casino Praha is being owned by Spanish company Comar which runs a chain of prestigious casinos all over the world.
