### President Hotel extends its services

Since the beginning of 2006, President Hotel has extended the offer of its services so that they can satisfy growing needs of contemporary customers.

From 1 January 2006, the hotel offers the possibility of Internet connection free of charge to all guests. In addition to the high-speed Internet connection which is available in all hotel areas, including all guestrooms, the guests can use Wi-Fi Internet available in all public areas, conference rooms, Executive rooms and on the Executive Floor. PCMCIA card for wireless connection is at the guests' disposal in the front desk.

„Today, Internet is a common means of communication for many people, no matter if a business traveller who wants to keep in touch with his partners, or a leisure traveller who appreciates the possibility of easy communication with his or her family,“ says Lenka Hanáková, Director of Sales and Marketing of President Hotel.

„Moreover, the new service showed a new possibility to use our Piano Bar as an ideal place for business meetings. Together with the mentioned Wi-Fi Internet connection, I would like to point out the intimate atmosphere of the bar which offers privacy needed for such kind of gatherings“, Ms. Hanáková adds.

The last news in the President Hotel's offer is Business Lunch in the Vltava Restaurant which is served daily, with exception of Saturdays and Sundays, from 12 p.m. to 3 p.m. The guests will appreciate both the attractive price for a three-course menu (390 CZK per person), and a pleasant setting with a spectacular view of the river.

- The base stone of President Hotel was set in 1928 by decision of the Czech Association of Engineers and Architects (SIA) to build up a representative seat of their organisation. In 1978, the attractive place next to SIA building was chosen for the imposing project of a hotel. Immediately after it was finished, the hotel, in that time called Budovatel, was joined with the original SIA building. In 1984, the building was rebuilt in the so-called monolithic style. In 2002, during the destructive floods President Hotel was heavily affected and had to be closed. The refurbishment started on 1st of August, 2003 and was completed on 6th of August, 2004.
- Since 1992, President Hotel – Casino Praha is being owned by Spanish company Comar which runs a chain of prestigious casinos all over the world.
